TRAINING CLASSES

Manufacturing & ERP Services from Revolution Group

Revolution Group has over 20 years of experience with Plex, by Rockwell Automation. When you train with our team, you can be confident you are getting expert education based on a deep understanding of Plex. Onsite, remotely, or at our office in Central Ohio, we work with you to tailor a program that meets your needs.

CURRENT TRAINING COURSES

Plex JumpStart
2 weeks: in person only

Educate your team with a deep dive into the powerful capabilities of Plex with our JumpStart class. This two-week course is a guided, hands-on tour through the core processes in Plex – a great team introduction or re-introduction to Plex.

VisionPlex
1/2 day: in person or virtual

This course will give you all the basics you need to start building your own VisionPlex screens including designing screens, datasources and validation.

SQL
1 day: in person or virtual

This SQL course will have you ready to code quickly. You'll learn all about SQL and how to find the data you need in the Plex environment. This course can be taught in conjunction with our VisionPlex course.

IntelliPlex & Advanced IntelliPlex
2 days: in person only

Our intro course provides a basic overview of IntelliPlex and will teach you how to build basic pivot and active reports, reports with slicers, charts and compound documents. In the advanced course you will learn all about dashboards.

Cost Accounting Workshop
2 days: in person only

This workshop will give you a high-level understanding of the relationship between the standard cost module and all other modules in Plex. Discussion includes an in depth look at cost accounts, general ledger, financial statements, inventory & SCAR transactions, and part cost structure.

Plex Champion Development
2 days: in person only

This training class will give you the tools to build a winning team of Plex experts within your organization. In this session, you will learn how to build your core Plex team and provide them the tools and resources they need to successfully troubleshoot and support your Plex environment.

Advanced Modules
length varies: in person or virtual

We offer many custom training solutions for Plex including secondary modules such as Human Resources and Tooling.
